

UNITED ESCROW[®]

For Marketplace

United Escrow offers a trustworthy and secure payment method for convenient transactions in marketplaces and online shops.

With **United Escrow**, users no longer need to worry about the reliability of buyers or sellers, ensuring a worry-free shopping experience.

United Escrow - Secure and Legally Compliant Payment Processing!

Security is paramount in online business. With **United Escrow**, you provide your customers with a reliable payment method that enhances your ranking and positively impacts your sales.

United Escrow safeguards both buyers and sellers from fraud, reduces payment defaults, and ensures a secure purchasing experience. Our app also facilitates seamless, cashless door-to-door transactions.

Additionally, automated payment splitting ensures marketplace operators receive their commissions directly and effortlessly.

ADVANTAGES FOR MARKETPLACES

Safe and ZAG-compliant
Payment processing

Encrypted data transmission
and **maximum data protection**

Higher probability of placement
and increasing sales

Payment confirmation takes place in
Real time and enables a
secure payment on site

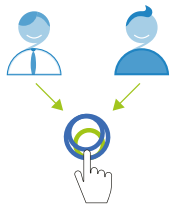

Minimized advance payment risk
for buyers and sellers

Automatic payment splitting
and billing of the
Marketplace commission

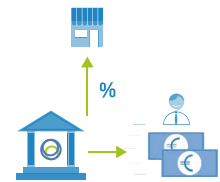

HOW UNITED ESCROW WORKS explained in five easy steps

Buy
Buyer and seller
decide on the
marketplace for
United Escrow

Send Goods
The seller will have
the send receipt for
goods which can
then be sent

Recieve Money
After the release of
the money to the seller
is forwarded, the
Marketplace gets its
commission

Deposit Money
The buyer transfers the
Purchase price on one
Escrow account

Check Goods
The buyer checks the
goods and gives the money
free via United Escrow

Would you like **United Escrow** in your marketplace
or integrate an online shop?

Then get in touch, we look forward to
hearing from you!
